USER MANUAL

**Smart Portable Tester
(7-in-1/5-in-1/2-in-1)**

Please read the instruction manual carefully before use

Welcome

Welcome to the Kactoilly App

The Kactoilly App connects with your smart tester to view measurement results, save test data, and manage your device.

The 7-in-1, 5-in-1, and 2-in-1 models all use Smart Portable Tester in the app.

Setup Basics

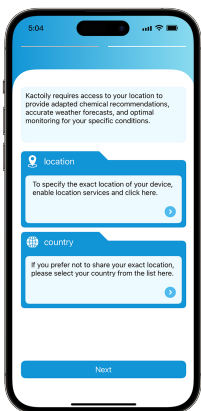

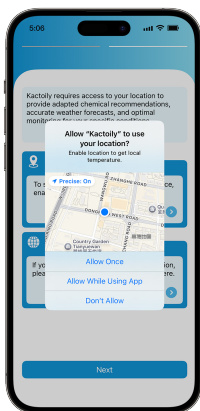

Make sure you've downloaded the app from the Google Play Store or Apple App Store.

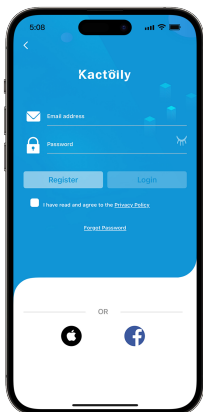

1. Open the Kactöily app to set up your account.

2. Allow Kactöily to access your wireless network and select a language to continue.

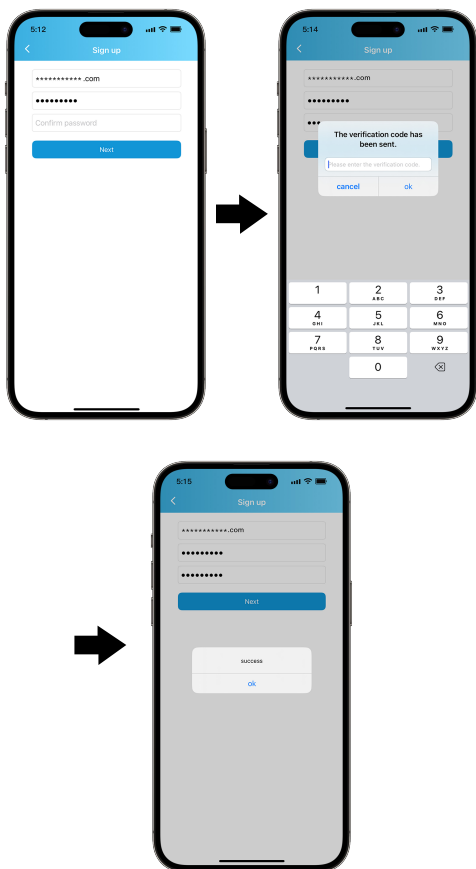

3.Allow Kactöily to access your location, and select your country.

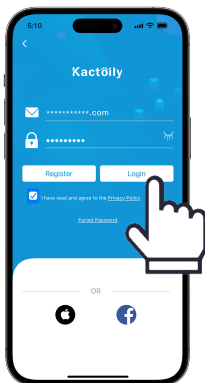

4.To log in for the first time, please register by entering a valid email address and creating a secure password.

【Your email address will be used for all future logins.】

5.Re-enter your password to confirm, then enter the email verification code to finish registering.

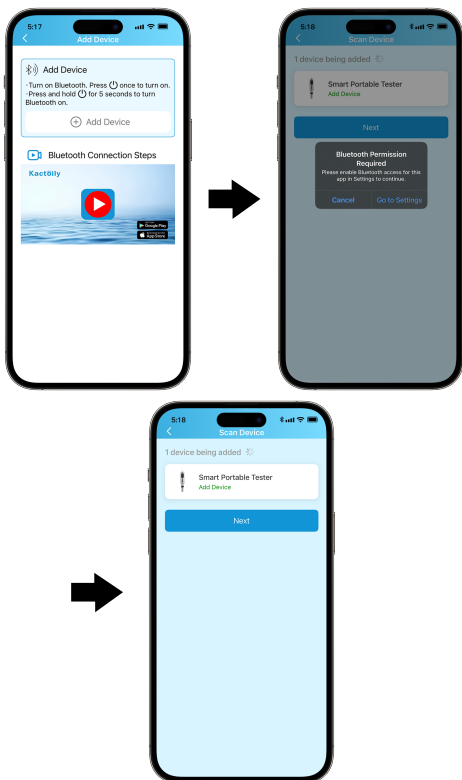

6. Once registered, enter your account and password to log in.

Bluetooth Connection

1. Please select **Tester**, then select **Smart Portable Tester**.

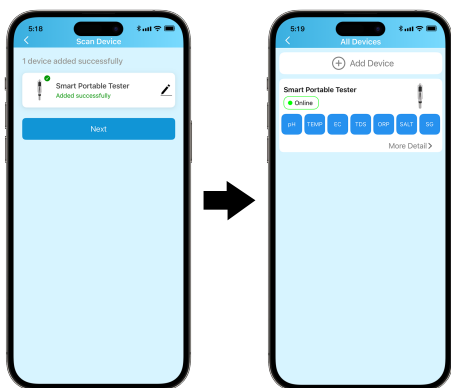

2. *Please watch our Bluetooth connection videobefore you begin.

Tap the 'Add Device' button and enable Bluetooth.

3. Press and hold the  button for 5 seconds, then release it. When the Bluetooth icon appears, it means the device has entered Bluetooth pairing mode. The app and device will then connect automatically via Bluetooth.

Note: If the device is powered off while the Bluetooth icon is displayed, the icon may still remain after restart. In this case, please turn off Bluetooth mode and then turn it back on to reactivate the Bluetooth function.

4. Connection successful. You can now name your device.
